Many changes have taken place in law enforcement through the efforts of members of the Associate Lodges throughout the country. These changes have induced a better grade of men and women to join the police force. The Police officer today is a skilled professional person in their field.

Members are pledged to foster public respect for the Police officers, promote better understanding by the public of the rights, duties, and problems of the Police officers, and they should strive in every way within their power to better the conditions under which the Police officer serves the public.

There are also many benevolent projects conducted by the Lodge.

Most business meetings are spiced with interesting speakers, films, or discussions. Many times meetings are followed by refreshments so that better fellowship can be obtained among the members.

The Fraternal Order of Police Associates is made up of business and professional people from all walks of life. It is a non-sectarian, non-political organization and was founded upon the ennobling doctrines of American democracy in Dayton, Ohio in 1942.

The Fraternal Order of Police Associates is not a "cops and robbers" organization. Nor do they perform the duties of a Police officer. They do set examples of what a citizen should be in his community and they are of unquestionable character and they are willing to assist in making law enforcement better in their city, state, and country.

The vehicle bearing the emblem or decal of the F.O.P.A. member tells other citizens and Police officers that you are a supporter of better law enforcement.

If you are interested in becoming a member of the F.O.P.A. complete the application and return it to a local Lodge of the F.O.P.A. or contact your local Police department for information.
